### Accommodation

**City Hotels**

We use the finest hotel in Kathmandu, Pokhara and Chitwan. Depends on guest’s budget and preferences we arrange two to five star hotels.

The hotel offers furnished rooms with all the modern amenities and Wi-Fi. We accommodate our clients at established hotels that are sustainable and implement a safety, security as well as quality plan.

**Tea house Lodge**

We accommodate the best and sustainable teahouse lodge during the trek. Wherever feasible, we select the eco-friendly and sustainable teahouses operated by locals. Generally, the teahouses are basic but adequate. Most rooms are shared and simple. Mattress, pillows, blankets and sheets are provided.
At the lower elevation, teahouses comprises hot shower, boasting flush toilets and clean rooms. Most bathrooms are shared and toilets can be either squat type of the western version. Cold water are free however you can use hot shower with additional charge.

While in higher altitude, the teahouse tend to be more basic with standard toilet without flushing device and pot of hot water is available for shower. Toilet paper is not provided so you should bring your own or purchase it locally.

Most tea houses will have basic access to electricity for lighting and central plug points in the communal restaurant for charging devices like mobile phones, tablets. Depending on type electronic device you will charge between Rs.100-Rs.600. Please note that access to charging points are often limited in the busier tea houses where demand for charging points are high.

The main trekking routes like Annapurna and Everest Base Camp offer Wifi. However, connection speed and availability is spotty and unreliable. Teahouses in the Namche bazaar have better internet connections but the internet coverage is low in other parts.

**Meals**

1. **Meals at Teahouse**

Tea houses offer a wide variety of food and some actually have basic Nepali and Tibetan meals. Dinner and breakfast is usually done in the lodge where you stay overnight, but lunch will be eaten at one of the trail side restaurants. Tea Houses and trail side restaurants serve food ranges from the national staple of Dal Bhat, to western food like steaks and chips.

For breakfast you can choose porridge, cornflakes, Tibetan bread with honey, boiled eggs, omelet and tea for breakfast. While you can also select wide range of food for lunch and dinner such as Nepali Thali set, momo, pizza, noodle soup, fried noodles, fried rice (veg, meat), curry and pizza. Additionally, we recommend not to eat meat dishes during trek that might cause stomach upsets or illness. We advise to use hand sanitizer to prevent from germs while handling money.
If your accommodation and meals are included as part of a package trek, then everything will be taken care of at your teahouse. Any additional items that are not included in the set menu should be ordered and paid for separately.

Generally, if clients book bed and breakfast as a part of package then breakfast is included throughout the trip. While for dinner and lunch, clients have choice of eating options from available menu. If you purchase imported food and beverage while on trek you will expend more than the suggested amount.

2. Meals at Hotels

Generally breakfast is included in package. Whereas, you can choose to have dinner and lunch either at hotel or restaurant as you can find ample of restaurants around the city areas that serve extensive range of dishes.

3. Cater meals

We suggest to inform your specific dietary requirements prior to booking i.e. Vegan, nut allergic, latex, vegetarian, non-vegetarian meals so that we will cater accordingly.

4. Meals Package

Meals inclusion and exclusion depends on what sort of package you choose. Following are the details on meal package:

1. Trek Package: This package include breakfast on city hotels whereas full board meal is provided on trek.

2. Trek with bed and breakfast: This package include breakfast on trek and city hotels.

3. Camping trek: If the trek is the combination of camping and teahouse trek then meals on full board is provided during camping whereas depending on package the meals at teahouse is provided accordingly.

Drinking Water

Since we are concern on environment, we strongly recommend all client to avoid the use of plastic mineral water bottles. Most hotels providefiltrated drinking water in each room.
However, it is advised to carry purification tablets or Steripen to treat the tap and stream water as untreated water is not safe to drink anywhere in Nepal. During your stay at lodge or if you run out of drinking water along the trail then you can get boiled water from teahouse lodge with minimum charge.

**Health**

The walking parts of these trips are strenuous and should exceed approximately 5-8 hours a day with significant altitude gains and losses over uneven, rocky and sometimes steep terrain. No technical climbing or other special skills are required.

However you must be in sound health, as medical services are generally inaccessible in trekking regions. The maximum altitude of this trek is 4,130m/13,549 ft. and you need to be physically strong and fit which is very important aspect for the trip. The trek takes place towards higher elevation and remote area.

Before your trek, make commitment to prepare yourself for trekking by setting workout schedule. You should start training several months before your trek to achieve optimum fitness. You can visit gym and initiate various fitness activities.

In addition, avoid consuming ice, salad, raw vegetables and deep fried, spicy and greasy food.

During the time of evacuation, the client should call their insurance company on the 24 hour emergency telephone number (using cell) to clarify the state and get their insure approval to cover the costs for evacuation plan.

In the event of urgent evacuation rescue is done by helicopter and send back to hospital in Kathmandu. Make sure that your insurance policy covers you for such unlikely incident.

**Safety and Security**

- Please use your own good decision while choosing an activity in your leisure time. Though the cities visited on tour are generally safe during the day, there can be risks to roaming throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.
• Protests and demonstrations, even those that are well intended, have the possibility to turn fierce without warning. If you are in an area where there are rally of demonstrators or protesters, leave the area immediately.

• Water based activities have a component of hazard and excitement built into them. We suggest only participating in water based activities when accompanied by a guide(s). We make every effort to ensure the fun and adventurous element of any water based activities like rafting if you wish to have on add on package.

Stay alert from scam porter at airport

As you walk through arrival hall a friendly person approaches you and may offers to carry your weighty bags or push your trolley for you. Although they appear helpful, they will demand cash payment for helping you. They will not return your possession until you hand over payment. So be cautious from such scam artists and never let your baggage to touch and keep a close watch on all your belongings. Your collected luggage should keep in front of you at all time.
International and Domestic Departure

It is advised to arrive at the airport one hour prior to scheduled departure for domestic travel and three hours for international travel. This allows plenty of time to check-in, obtaining a boarding pass, and clear security before scheduled departure.

Cultural and Environmental Considerations

Nepal Sanctuary Treks is committed and aware to reduce impact on the environment through waste release reduction, energy efficiency, supporting sustainable practices among clients.

We are closely working with Travelife and get recognition of Travelife Certified on January 19, 2019. Furthermore, we adhere International Porter Protection Group 5 guidelines and collaborated with Kathmandu Environmental Education Project (KEEP).

In this consideration, we have developed Responsible Travel Policy which aims to ensure that Nepal Sanctuary Treks and its clients can conserve and maintain natural resources and seek to prevent pollution while trekking to the destination.

Environment

- Do not buy the artifacts, antique and products made from endangered species.
- Do not leave anything behind like rubbish in any form i.e. water bottles, Coke/ cold-drink cans, cigarette butts, chewing gum, snack packets etc.
- Do not damage natural environment: break trees, trample on flora
• Do not leave electrical equipment running – lights, fans, air conditioners
• Try to carry eco-friendly bag during travel and shopping which will help to send less amount of waste to landfills.
• Be economical in using fresh water for showering and washing as often they are in short supply. Be sensible while using hot showers heated by solar energy, by hydroelectricity or by the back-boiler method
• Try not to spoil plants along the trail and wild animals should not be touched, fed or disturbed.
• Carry water bottle that can use constantly to refill it instead of buying plastic bottles.
• If you generate non-biodegradable waste during trekking (batteries, shampoo & sun block containers plastic bags, toothbrushes, etc.) bring it back with you and dispose in designated separate places. Sanitary pads and tampons should be wrapped well and packed out. Don’t put debris in the bonfire until the cooking is done because fire is considered sacred.
• We suggest all travelers to join us in seeing that no litter is left along trails. Our trekking crew will collect the garbage and dispose to the nearest facility or city.
• Use eco-friendly soaps, detergents and use pan for rinsing while bathing or washing near streams and throw soapy water away from the water source.
• You can also reduce firewood consumption by ordering the same food at the same time as others.
• Bring adequate clothes rather than depending on lodge fireplace for heat and never ask your trekking staff for a bonfire.

Economy

• Buy local products or souvenirs made locally
• Eat in local restaurants, shop in local markets, buy local fruit, etc. to support local traders and farmers
• Consider tipping a rational amount for good service.
• Resist giving money to beggars; it is rather more effective to grant money to local charity. As begging only encourages local people to continue asking tourists for money.
Cultural Code of Conduct

- Use both hands to show gratefulness and respect whether you are giving or receiving as a gesture of respect, even if it is money. Always greet people with word “Namaste” by joining both hands together.
- Don’t offer food to locals after tasting it, nor eat from a common plate, and avoid touching your lips to a shared drinking pot.
- If you need to use your fingers to eat, then use your right hand as justify hand is considered polluted.
- Never point your finger at a person and particularly to religious monuments, temples instead use the flat back of your hand to indicate the person or a sacred object. Never touch people on the head nor should you touch or point your feet at people because it denotes show of disrespect and insult.
- Walking around temples or stupas is traditionally done clockwise.
- When visiting a home, temple, monasteries take your shoes off and cover up your legs and upper arms. Smoking is prohibited inside sacred institutions. Avoid touching offerings or sacred objects.
- Ask for permission before taking photos of locals, religious festivals, cremation grounds and the inside of the temples. If possible avoid using flash. If you are wearing leather accessories you will not allow entering into the temple.
- While trekking both men and women should dress appropriately and modestly. Women should wear Baggy pants or calf-length skirts with loose tops. Whereas, Men should wear a shirt and long trouser when visiting homes and religious places. However, Men’s knee-length hiking shorts are fine for trekking.
- Public displays of affection and nudity are considered as scandalous. Men should wear shorts or underwear and women can drape in a sarong while bathing in a stream or at a village tap.
- Try to learn some basic Nepali phrase and language as much as possible.
- Never dispose rubbish in the cooking-fire area
- Show respect for local traditions and behave appropriately at religious sites.
- Do not give treats or money to children begging.
Social

- Do not engage or encourage anti-social activities like sex tourism, smuggling, drug trade, child exploitation etc.
